#### REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Camden Middle School continued in 2003-2004 to excel in academics, athletics, and the fine arts. Our students have progressed in all areas.

Students at CMS persist in making gains in all areas of the PACT. The percentage of students scoring Below Basic continues to decrease, longitudinally and in cross-sectional comparisons. To maintain academic success, Camden Middle School has sustained such programs as the Extended Day program. This program serves approximately 150 students to assist them in academic classes through tutoring. The teachers focus on enriching and reinforcing all state standards. Communities in Schools, a United Way sponsored program, endured even through state funding cuts. CIS serves approximately 60 students. This program strengthens school learning via extracurricular tutoring and educational activities.

Other successes include the fact that the number of teachers who have become National Board Certified at CMS has increased. Camden Middle School continues to offer high school credits in math and English. Seventh grade students have the opportunity to be involved in Junior Achievement classes through social studies classes. The two teacher teams keep giving students more individualized attention.
